

Service

CREATING A POSITIVE CUSTOMER EXPERIENCE

Our mission at Service Stampings is to make the process of ordering stampings easy, straightforward, and affordable. We are able to do that thanks to a streamlined communication system that allows you to speak directly to decision makers who are empowered to move your project forward with no delays or red tape. With our goal to always have long-term customers who return to Service Stampings again and again, we are always seeking the most cost-effective solutions that will give you the desired result at an affordable price.

Personalized Customer Service

- Creating a Positive Customer Experience
- Timely, Accurate Proposals Created by Experienced Sales Representatives and Engineers
- Pre-Order Project Planning and Consultation
- Immediate Access to Order Status and Delivery Information
- Accelerated Rush Orders to Meet Your Most Demanding Deadlines

TIMELY, ACCURATE PROPOSALS CREATED BY EXPERIENCED SALES REPRESENTATIVES AND ENGINEERS

Each of our proposals is sent in a timely manner and created by experienced professionals. Our proposals include information from our engineering department to make sure your quality and cost requirements are met for every order.

Service *continued*

PRE-ORDER PROJECT PLANNING AND CONSULTATION

Successful projects begin with proper planning. Service Stampings' sales and engineering professionals will provide you with creative ideas and applied expertise gained from over fifty years of providing stamping, fabrication, and assembly services. Our experience can help you achieve both your quality and cost requirements.

IMMEDIATE ACCESS TO ORDER STATUS AND DELIVERY INFORMATION

Service Stampings can quickly provide you the order information you need. From order updates to delivery dates, we will help you stay current on all of your important project details.

ACCELERATED RUSH ORDERS TO MEET YOUR MOST DEMANDING DEADLINES

"Quick turn-around" and "rush deliveries" are welcome words at Service Stampings. In a world of just-in-time (JIT), Kanban deliveries, and accelerated project schedules, Service Stampings can provide the prompt services needed to keep your project on schedule.
